

the British Government was as definite and simple as that of America."

The Daily Telegraph's comment, which was largely a personal appreciation of Ambassador Harvey, cordially agreed it was "high time to give the quietus to the idea that the United States may yet be beguiled into the league."

HARVEY IS ATTACKED FOR LONDON SPEECH

South Carolina Member Asks if He Fixes Foreign Policy.

Special Despatch to THE NEW YORK HERALD, New York, May 21.—(By The New York Herald Bureau.)

A caustic attack on Ambassador Harvey because of his recent speech in London was made in the House today by Representative Stevenson (S. C.), Democrat. He charged that in a speech in Charleston in 1906 Mr. Harvey "sought to ingratiate himself with the audience by stating that his ancestors either fought military service or were taken during the civil war or went to jail rather than serve in the army."

"That is the gentleman who today is fixing the foreign policy of this Government to suit his ideas," said Mr. Stevenson. "He says we went into this war not for the matter of the preservation of humanity or the liberties of the world but because we knew we had to fight, and to save our hides. The President in one of his campaign speeches before the election said: I propose to give you an association of nations with teeth in it." It is the gentleman who is developing in that direction, because it will be an association that will have at least a mouth in it."

LLOYD GEORGE PASSES WEEK END AT HYTHE

Upper Silesian Decision Awaits Premier's Meeting.

LONDON, May 21.—Prime Minister Lloyd George has gone to Hythe, near Dover, where he will pass the week end with Sir Philip Sassoon.

Advisers received from Upper Silesia would appear to indicate that neither the Poles nor Germans are taking the offensive, pending a meeting of the French and British Premiers. The proposed meeting of the Supreme Allied Council for the purpose of discussing Silesia appeared today to have been pushed indefinitely into the future.

HOUSE TO ACT ON PEACE RESOLUTION IN JUNE

Report Is Expected on Measure This Week.

Special Despatch to THE NEW YORK HERALD, New York, May 21.—(By The New York Herald Bureau.)

The House will act upon a peace resolution early in June, Chairman Porter said today after a conference with Republican members of the committee on the form of the resolution.

It is expected that the resolution will be reported from the House Foreign Affairs Committee the latter part of next week, so that it may come up in the House the following week. It will be given the right of way as soon as it is reported, Republican Leader McCall said.

Mr. Porter's statement indicates that the resolution will not be enacted finally before the middle of June at the earliest. It is certain to be amended in the House, and these amendments will have to be thrashed out by Senate and House conferees.

LORD NORTHCLIFFE IN NOTE MAKES APOLOGY

Writes to Sir Edward Edgar Regretting Slur.

LONDON, May 21.—Lord Northcliffe has written a letter to Sir Edward Edgar expressing regret and making retraction for a statement which Lord Northcliffe made at the dinner of American dry goods men assembled here on May 3 last. [Lord Northcliffe had said that "practically all the American hostility over the oil question was based on the statement of a second rate financier not of English birth."]

Lord Northcliffe states that he now realizes these remarks "were unwise and unwarranted" and he "hastens to express his sincere regret and offer an unqualified retraction. Sir Edward replied, accepting the apology and withdrawing in the spirit in which they are offered." He added that "to refer slightly to a Canadian born British subject as not of English birth could not be too deeply resented."

RUMANIA OBJECTS TO AUSTRIAN FUSION VOTE

Says Proposed Plebiscite Is Peril to Independence.

VIENNA, May 21.—Formal protest has been made by Chancellor Mayr by the Rumanian Minister against the proposed plebiscite on the question of fusion with Germany. It is understood the Minister declared such action endangered Austrian independence as guaranteed by the treaty and pointed out that the surrounding States were more vitally interested in the matter than the Entente and if the agitation for fusion were continued, it might result unpleasantly.

The French authorities have demanded detailed information relative to the fusion referendum which it is proposed to hold in Salzburg on May 29.

MORE TROOPS NEEDED, SAYS SOVIET OFFICIAL

Insurrection in South Put Down, He Says.

PARIS, May 21.—A Moscow wireless message today quotes M. Bibenko, a member of the Soviet Commissariat on War and Marine, as declaring in a speech that it would be necessary to reinforce the Soviet troops.

As for the recent insurrection in the South, the speaker said that Kiev, Kharkov and Odessa were again firmly attached to the Soviets, as was Kronstadt, following the putting down of the insurrectionary movements.

CANADIAN HOTELS HAMPERED BY STRIKE

Cooks and Waiters Demand Union Recognition.

TORONTO, May 21.—Cooks and waiters at the King Edward Hotel here, the Royal Connaught at Hamilton and the Clifton House at Niagara Falls, Ont., today went on strike because the management refused to sign an agreement calling for union recognition.

The strike at the King Edward occurred at the noon hour, to the inconvenience of hungry guests here for the opening of the racing season. After a parley with the management the cooks consented to return to work temporarily, but the waiters were obdurate.

His Attitude Toward European Problems Eagerly Awaited.

IMPARTIALITY STRESSED

Press Believes America Only Desires to See Equilibrium Restored.

Special Cable to THE NEW YORK HERALD, Copyright, 1921, by THE NEW YORK HERALD, New York, May 21.—(By The New York Herald Bureau.)

The French press and some French officials profess to believe that George Harvey, American Ambassador to Great Britain, will be the arbitrator in the Upper Silesian dispute when it is taken up at the meeting of the Allied Supreme Council in Boulogne.

The French are already seeing in Ambassador Harvey's mere attendance on the Supreme Council his potentiality as American arbitrator, and they hope that if he voices Washington's opinion on that issue, it will be in their favor.

But if the Briand Government has to climb down at all, it would infinitely prefer to do so at the urging of America rather than at the insistence of Great Britain. Indeed, there were indications yesterday in the French Chamber of Deputies that any giving way by the Briand Government before Great Britain alone would be followed by the prompt defeat of the Government in the Chamber.

The French have always desired to bring the United States back into European councils, more as an arbitrator than anything else. France took this attitude in expectation of difficulties with her English partner in the Entente.

The American to-day calls Ambassador Harvey's entrance into the council a sensational development.

"Perhaps Premier Lloyd George, who spoke the other day with such presumption of American opinion being with him, already counts on him (Ambassador Harvey) as a new partisan," it says.

"We have not solicited Ambassador Harvey's favor for Poland, but we have confidence in his high impartiality, and we rejoice to see America associated with the Allies in seeking an accord. We call upon him (Ambassador Harvey) to arbitrate between London and Paris."

The *Homme Libre*, stressing the restrictions President Harding placed on Ambassador Harvey's role in the council, says:

"Nevertheless it is certain that in adopting a passive attitude, the United States Ambassador will play a preponderant role in the discussion, and no decision will be reached without his assent."

For such a chauvinist anti-Briand organ as the *Action Francaise* to see Ambassador Harvey in this role is more significant. It admits America's only interest is to see the world's equilibrium restored. It says that "America's representative will be like a man in an orchestra who takes no part in the playing, but whose advice counts enormously because it is the advice of the public who pays."

MRS. STILLMAN TO GET \$90,000 A YEAR

Continued from First Page.

she would be "pushed over the dam." At the suggestion of Mrs. Joseph A. Blake, wife of the noted physician and the former Mrs. Clarence Mackay, Mrs. Stillman retained the firm of Stanchfield & Levy as additional counsel. She previously had employed Cadwalader, Wickersham & Taft, who had submitted a flat denial for her.

Mrs. Stillman's lawyers asked permission of Justice Morchauer in March to amend her answer to her husband's complaint and to provide for alimony and counsel fees. It was in the amended answer that the name of Mrs. Leeds and of her son, Jay Leeds, were thrust into the case. Mrs. Stillman put forth the assertion in the answer that Jay Leeds was the son of the banker by Mrs. Leeds.

Friends of Mrs. Stillman are inclined to believe that she now will go to France and start an action herself, naming Mrs. Leeds as correspondent. It has been said that when Mr. and Mrs. Stillman separated in the spring of 1920 it had been agreed she would start a suit, and that when she failed to do so the banker acted. The understanding was that the banker desired to marry Mrs. Leeds, and thereby make it possible for Jay Leeds to share in the trust fund.

There are those, however, who feel that Mrs. Stillman will not start a suit unless it is a stipulation in the settlement agreement, because that would give Mr. Stillman the opportunity to do what it has been understood his wife desired to prevent him from doing—make it possible for Jay Leeds to share in the fund.

When asked about the reported settlement, Mr. Mack said:

"I have nothing to say. As a matter of fact, I am prepared to go ahead with the hearing next Wednesday, but I see by the newspapers that it has been postponed until June 1 and 2."

All of the other lawyers in the case were out of town, with the exception of John F. Brennan of Yonkers, who is associated with Mrs. Stillman's counsel. Mr. Brennan said he had been out of touch with the lawyers in Manhattan several days, but he hoped it was true that an agreement had been reached.

BRITISH WILL HONOR REAR ADMIRAL SIMS

Many Official Events to Mark His Visit.

LONDON, May 21.—Rear Admiral William S. Sims, U. S. N., former commander of the American naval forces in the war zone, who is due in England on the Cadiz to-morrow on a visit to receive a degree of doctor of laws from Cambridge University, will be the recipient of more official honors than perhaps were ever extended to an American naval officer in this country.

There are very few blank spaces in the programme arranged by the Admiralty covering the Admiral's stay from May 22 to June 1. The American guest will be given a luncheon by the Pilgrims' Society Thursday. His party will occupy royal boxes at Hurlingham Saturday, watching the American polo team play with an English competitor, and at the Olympic in the evening, where the naval and military tournament is in progress. Admiral Sims and Marshal Foch will both receive their degree at Cambridge on May 31, where they will be guests of the vice-chancellor.

ANGORA DEFEATS BILL FORCING MEN TO MARRY

Heavy Taxes Were Planned Against All Bachelors.

ANGORA, Asia Minor, May 21.—The bill introduced in the Nationalist Assembly which would compel all men more than 25 years of age to marry, unless prevented by death reasons, has been rejected.

Under the measure bachelors would have been very heavily taxed, while married men would have enjoyed special privileges in taxation and curtailed military service.

RAYMOND & WHITCOMB SAY BUSINESS TIDE HAS TURNED

Great North Cape Cruise Proving Great Success 57% from New York and Vicinity

Raymond-Whitcomb believe that the success of their great North Cape Cruise is proof that the business tide has turned and that people are ready and anxious to travel in the most luxurious way. This is its tributary territory, for 57% of the membership of the most elaborate cruise of its kind, the most interesting way of going to Europe, has been booked from this section.

Because of this the New York office of the Raymond & Whitcomb Company at 225 Fifth Avenue (Telephone Madison Sq. 6270) has been assigned some additional space on the S. S. Emperor of India (Kaisar-i-Hind) sailing from New York on June 25th. This is now being advertised in the travel section of this newspaper.

The First Cruise

The Cruise is the first of its kind—a novel and popular way of going to Europe. It goes to seven countries, including such novelties as Newfoundland and Iceland and Mid-night Sun, North Cape, glaciers, fjords, icebergs, and quaint ports of Norway, with call also in Scotland, Holland and Belgium. The thirty days at sea in ease and luxury end at London on July 25th. Then the traveler may return home, sojourn in London, visit England, Wales and Scotland or travel on to France, Switzerland, Italy, Spain, Portugal and the African Coast. Whatever he or she prefers Raymond-Whitcomb will take away all trouble and vexation, leaving the traveler only the enjoyment, and doing all within an expense limit determined in advance.

FORECASTS FAILURE OF COAL DELIVERIES

Germany Says Upper Silesia Situation May Prevent.

BERLIN, May 21.—Germany has sent a note to the supreme council calling attention to the curtailment of coal production, due to the Upper Silesian situation, and pointing out the probability of failure to deliver France's regular quotas.

The note asserts that the coal supply for home consumption is becoming diminished and suggests that a serious situation is likely to arise unless the Silesian mines resume.

POSTCARD VOTE URGES DISARMING IN JAPAN

Mme. Ozaki Says Majority Would Welcome Plan.

By the Associated Press.

TOKIO, May 21.—People of Japan have shown themselves to be in favor of restriction of armaments, it was declared yesterday by Mme. Ozaki, wife of Yukio Ozaki, leader in the campaign against militarism in Japan. Her statement was based upon the results of a post card vote taken in cities where M. Ozaki has spoken recently.

"I think America should know the facts," said Mme. Ozaki. "My husband resumed his lectures recently in the chief towns in the north of Japan, speaking in fifteen cities in as many days. Postcards were given out by which his auditors might express their views, and, so far, out of 16,000 cards received, 93 per cent. are in favor of an arrangement looking to disarmament. Five per cent. were against such an agreement, and the rest are uncertain."
